- REMAC and REMS are required to web cast their meetings. Due to this change and the added cost of meeting this requirement, they are scheduling 6 meetings a year with the ability to hold a meeting on the off months if business requires. I recommend that the ALS Committee fall under the same schedule of meetings, with the ability to hold meetings on the non-scheduled months if business requires. First by Wlostowski, Second by Breese. Approved unanimously.
- We will work on a process for submitting paperwork by e-mail or fax on the off months.

DISCUSSION:

Mike Kuder made a motion, seconded by Bob Breese to adjourn the meeting. It was approved unanimously, and the meeting was adjourned at 1840 hrs.
