Re: Advisory 11-05: Pediatric Vodcasts

Due to the success of the video podcast training for EMS providers, MLREMS is releasing a new series of Pediatric Vodcasts and Quizzes for CME credit.

With the support of the University of Rochester Medical Center, and a grant from Health Research, Inc., educational vodcasts have been created to provide information about Pediatric Seizures, Pediatric Pain Control, and Neonatal Resuscitation. The vodcast training is not mandatory, but highly encouraged. Both ALS and BLS CME are available upon satisfactory completion of the post test. The link for this training is located [here](#).

With any questions, please do not hesitate to contact the Regional Program Agency.
