

EMS Recognition

How can we recognize our providers year round?

Recognition. We all know we could get better! Here are a few ideas on how you can recognize your providers throughout the year!

Have something that works well at your agency? Let us know so that we can share and continue to recognize our excellent regional providers! Email mlrems@mlrems.org with suggestions.

Create a Staff Recognition Board

Create a designated board in which staff members can recognize each other for a job well done. Remove all cards each month and give to your providers. You can even have them use the cards toward some agency swag (i.e. 10 cards = water bottle, etc)!

Name: Ahmed Mustafa
Recognized by: Mindy Cannuli
For: Thank you for all of the time and effort you put into making all of the media stories surrounding EMS Week, it was a great way to keep EMS at the forefront of the community!

Create a Communications Hub

Create a designated place where staff can post and share Thank You's received from patients, facility staff and administrative staff. This could also be a great place to post and advertise for agency social events.

EVENTS

Everybody's gotta eat

Food is always a great way to give you providers. Being that this profession is fast moving and unpredictable, perhaps opt for something that's easy to grab on the go, or something in a crockpot that will remain warm for when crews are able to return to base.

Nominate your colleagues for an award

Our regional EMS awards are a great way to bring attention to all of the great work your providers are doing throughout the year! These can be submitted at any time for consideration. The form is available on the PIER Committee section of the MLREMS webpage: <https://mlrems.org/mlrems/public-information-education-and-recruitment-pier/>. The award categories and a full description of the criteria can be found within the award packet. Did you know that if a provider wins in one of the NYS defined awards at the regional level, they are automatically forwarded onto the State to be considered for the State EMS awards?

Congratulations Award Winners!
